Initial Coverage Limit (ICL)	Initial Coverage Limit is \$4,660.00. During the Initial Coverage state, the plan pays its share of the cost of your covered prescriptions and you pay your share (your copayment or coinsurance amount). Your share of the cost will vary depending on the drug and where you fill your prescription. Please review the Evidence of Coverage online for more information on the phases of the benefit.		
Coverage Gap	You stay in this stage until your out of pocket costs reach a total of \$7,400.00. When you are in the Coverage Gap Stage, the Medicare Coverage Gap Discount Program provides manufacturer discounts on brand name drugs. You pay 25% of the negotiated price and a portion of the dispensing fees for brand name drugs. Please review the Evidence of Coverage online for more information on the Coverage Gap Stage.		
Catastrophic Coverage Stage	Catastrophic Coverage Limit is \$7,400.00. Catastrophic coverage begins after your total yearly drug cost reaches \$7,400.00. During this time, the plan pays most of the cost for your drugs. Please reference the Evidence of Coverage, available online, for complete information regarding the Catastrophic Coverage Stage.		

Pre-enrollment checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions you can call and speak to a Member Services at 1-833-999-0103.

Understanding the Benefits

☐ The Evidence of Coverage (EOC) provides a complete list of all coverage and services. It is important to review plan coverage, costs, and benefits before you enroll. Visit www.fbhealthplans.com/Medicare-Advantage or call 1-833-999-0103 to view a copy of the EOC.

☐ Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will most likely have to select a new doctor.

☐ Review the pharmacy directory to make sure the pharmacy you use for any prescription medicine is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.

☐ Review the formulary to make sure your drugs are covered.

Understanding Important Rules

☐ You must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.

☐ Except in emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in the provider directory).
