Section 1 - Introduction

This directory provides a list of Farm Bureau Advantage HMO's network providers.

You will have to choose one of our network providers listed in this directory to be your Primary Care Provider (PCP). Farm Bureau Advantage HMO is a Health Maintenance Organization (HMO) designed for in-network Physicians, Specialists and facilities. Members can see any physician, specialist or provider listed in this Provider directory without first obtaining a referral from your PCP.

The network providers listed in this directory have agreed to provide you with your health care services. If you seek medical care from a provider that is out of network, those services may not be covered by the plan, or Medicare, without receiving a prior authorization before services are rendered. If you receive services from out-of-network providers and they submit a bill to you, you should **not** pay the bill, you can request a coverage determination from us. Please call Member Service or visit www.fbhp.com/medicare-advantage to learn more about coverage determinations or review your benefits outlined in your Evidence of Coverage (EOC).

Urgent and Emergency Services

If you have a medical emergency, get help as quickly as possible. Call 911 or go to the nearest emergency room or hospital. Call for an ambulance if you need it. You must use network providers except in an emergency or urgent care situation, or for out-of- area renal dialysis. If you obtain routine care from out-of-network providers, neither Medicare nor Farm Bureau Advantage HMO will be responsible for the costs.
